

Bus Parking Lot WiFi Access

A wifi hotspot has been set up in the bus garage parking lot starting today. This will be available to all TOW UFSD students, faculty, staff and families who would like to use it 24/7. All school-issued devices will be able to connect to this (not public devices).

Please remain in your vehicle while using this service. We need everyone to follow this rule to maintain social distancing guidelines.

Please email Mr. Swick or Mr. Schafer with any questions.
