The school medical director may approve and permit the use of alcohol-based hand sanitizers in the District's schools without a physician's order. Parents may provide written notification to the school in the event that they do not wish to have their child use this product.

Sunscreen

Students may carry and use FDA-approved sunscreen products for over-the-counter use. The student's parent or person in parental relation must provide written permission for the student to carry and use sunscreen. This written parental consent will be maintained by the school. A student who is unable to physically apply sunscreen may be assisted by unlicensed personnel when directed to do so by the student, if permitted by a parent or person in parental relation, and authorized by the school.
