NO

Healthy, Hunger-Free Kids Act of 2010

- Statistics that caused the change ...
 - 1 out of every 3 kids in the nation considered overweight
 - 31 million receiving most if not all their meals from school

WHAT'S HEARD

- Jump through hoops
- Commodities are just brown box; canned foods.
- Healthy food can't have any flavor or seasoning
- Have to take all components for a complete meal.
- No options
- Parents need to pick their kids meals out before they come to school.

ACTUAL CHANGES

- Increasing Reimbursement Rates for participation
- Using Direct Certification
- Universal Eligibility
- Improve the quality of commodities
- Utilizing USDA Nutritional Standards for all foods sold in school
- Empowering parents by providing information
